Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$50/individual or \$150/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care is covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	Yes. \$50/individual or \$200/family per lifetime for covered dental benefits .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	For preferred providers \$2,050/individual; for non-preferred providers No Limit.	The out-of-pocket limit is the most you could pay in a year for covered services.
What is not included in the out-of-pocket limit ?	Deductibles/co-payments for non-preferred providers, prescription co-payments , drug addiction & alcohol or chemical dependency , premiums , balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.anthem.com/health-insurance/provider-directory or call the Trust Fund Office at 1-408-288-4400 or Anthem Blue Cross at 1-800-688-3828 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's preferred provider network . You will pay the most if you use an non-preferred provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your preferred provider might use an non-preferred provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
